

DM	P#	Preference Information (From most to least important)	Explanation
T	1	Syria stops its support for PKK, and reduce the flow of the Euphrates to continue its development projects	
	2	Release the flow of the Euphrates if and only if Syria stops its support for PKK	Turkey does not want to escalate the situation with Syria if the latter banned the PKK
	3	Stop the flow of the Euphrates and escalate the situation against Syria if the latter continues to support PKK and harbor its leader	Turkey's least preferred situation is to go to war. The even worse situation is if both Syria and Iraq escalate at the same time
S	1	Syria continues to support the PKK and Turkey allows the Euphrates to flow	
	2	Both Syria and Iraq escalate if Turkey stops the flow or attacks	
	3	Stop supporting PKK if and only if Turkey allows the Euphrates to flow and Iraq does not join in escalating	
I	1	Turkey allows the Euphrates to flow	
	2	Escalate if Turkey stops the flow
