

DM	P#	Preference Information (From most to least important)	Explanation
Syria	1	Remain at the status quo	Syria continues filling its dam and Iraq accepts the situation without any escalation or intervention
	2	Release the flow of the Euphrates if and only if Iraq does not attack and with the mediation of a third party	This is the new preference information after the intervention of the Third Party
	3	Escalate the situation if Iraq decides to attack	Syria's least preferred situation is to go to war with Iraq
Iraq	1	Syria releases the flow of the Euphrates	Iraq's most preferred situation is that Syria stops the filling of its dam without any escalation and with or without an intervention
	2	Strike an attack if Syria does not release more water	Iraq's interest in water far outweighs the consequence of going to war
Third Party	1	Acts and influences Syria to release the flow of the Euphrates	The mediator's interest is to promote peace in the region and reduce harm for everyone
